

Health and Safety Policy

HEALTH & SAFETY POLICY STATEMENT

Affan will ensure that, as far as practicable, every reasonable step is taken to protect the health, safety and welfare of all its employees and those members of the public who may be affected by the company's operations.

The company will strive to develop an "incident and injury free" culture for all its operations.

We will provide adequate information, training and supervision to ensure that each employee can carry out his/her task both safely and effectively.

It is our responsibility to establish and maintain a suitable organization within the company to monitor and administer the Health & Safety Policy.

In compliance with the Company's Health & Safety Policy (and under existing legislation) it is the duty of each employee to:

- Work safely at all times and observe the safety regulations applicable to their job and place of work.
- Co-operate with the Company and its Clients with a view to maintaining / improving health and safety standards and meeting statutory requirements.
- Wear and use protective equipment or clothing where necessary, as provided and instructed.
- Report all accidents, incidents, hazards and situations likely to cause injury and / or damage to the relevant responsible person, to ensure effective action can be taken.
- Co-operate fully with investigations into any accidents, incidents, hazards and situations likely to cause injury and / or damage.
- Not interfere with or misuse any facilities, equipment or apparatus provided for health fire safety and welfare purposes.
- Familiarize themselves and comply with the Company's health and safety regulations in force at any premises attended during the course of their duties.

We believe that the Health and Safety of our employees is of paramount importance and we will actively discourage any work, which may endanger an employee's safety, or that of anyone else who may be affected by such activities. It is the Companies view that by creating a safe working environment, all employees are better able to contribute to the long-term success and future of the business.
