

Quality Policy

QUALITY POLICY

At Affan we are passionate about delivering quality products and innovation.

Our objective is to always exceed our customers' requirements and expectations in a proactive, professional and innovative manner.

To achieve this objective we will;

- Maintain a Quality Management System in accordance with ISO9001.2008.
- Constantly look for areas of improvement and create a culture within our business that will ensure quality remains the focus of every employee.
- Provide adequate resources to continually review and improve our business processes.
- Actively seek feedback from our customers and address opportunities for improvement that are identified.
